AMENDMENT

Box Non-Fee Amendment
Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

W. Fallon
Responsive to the Examiner's letter of August 15, 2001, it is respectfully requested that
the Examiner reconsider the rejection of claims 19 and 20 and allow claims 19 and 20.

REMARKS

The undersigned attorney hereby affirms the election to prosecute claims 19 and 20 in this application. (It is noted that the elected claims are shown as claims 19-29 in the requirement for restriction. However, on PTO form 326, the claims are referred to as 19-20, as well as at other places in the Office action, which are believed to be correct.)

The Examiner has rejected claim 19 under 35 U.S.C. 102(e) as being anticipated by Bhatt et al, U.S. Patent 5,822,856, hereinafter Bhatt et al. This rejection is not thought to be well taken. The Examiner in rejecting this claim states:
